ASSEMBLY EMBACKS ON FIELD MONITORING EXERCISE ON CCM
SUB-PROJECT ACTIVITIES OF THE GHANA PRODUCTIVE SAFETY
NET PROJECT 2 (GPSNP2)
LABOUR INTENSIVE PUBLIC WORKS FOR THE MONTH OF JULY
2024**

The Techiman Municipal Assembly is implementing the Ghana Productive Safety Net Project 2 (GPSNP2) under the Kumasi Zonal Coordinating Officer, focusing on climate change mitigation. Since its launch on July 12, 2023, activities have expanded from Nsuta and Nsonkonee to Bamire-Asantantaso and Forikrom-Fiaso.

A team led by the Hon. Benjamin Yaw Gyarko, the Municipal Chief Executive of Techiman Municipal Assembly conducted a field monitoring exercise on July 29, 2024 at Nsuta and Nsonkonee, to assess the progress of sub-project activities.

At Nsuta, the team were received by Mr. Elijah Laar, the Community Facilitator and Mr. Emmanuel Atta, a project beneficiary, who led the team round the farm and the completed on-site crèche with toilet.

At Nsonkonee, the Desk Officer, led the team to the farm to inspect the coconut plants and the completed on-site crèche with toilet.

Overall, the field monitoring exercise was generally successful and has given management of the Assembly a better appreciation of the situation on the ground.
